

# Fortune MP3 Music On Hold 1200 Player Including SD Card

Why use a CD when you can use MP3?

The MOH 1200 is an MP3 Music On Hold player that connects to any PBX and provides music and messages to callers put on hold. It is simple to use; just drag and drop MP3 files to the unit via a USB port and up to 32MB of data can be held on the flash memory, equivalent to 60 minutes of messages.
